

Stylized Hex Fields and Objects

2d art asset by Ruslan Kim

email: kim.ruslan89@gmail.com

Current version: v1.0 in August 2022

Description: Stylized hand-painted terrain hexagon of fields, water and objects like trees, rocks, mountains and sheep. You can use these for your RPG game, strategy or board games visuals.

- 11 hex types
- includes 35 decor overlay sprites (trees, rocks, sheep, mountains)

Terrain types included:

- 4 types of fields
- water
- sand
- soil

All assets are provided as separate png files. Each hex size is: 512x512 px with transparent background.

Also provided a high resolution PSD file with all layers

Future:

If these prove popular, I may create further sprites to add to this set

Thank you!
